Christmas Greetings and a Happy New Year!

This year has been one of many challenges and anxiety. We are resilient and there is reason for optimism. A new normal is ahead of us but it is incumbent on each one of us to follow the guidelines to ensure we can suppress the Covid-19 virus as much as possible. It means our family gatherings are severely restricted to our own households, but with social media platforms and web conferencing available we can make it a memorable occasion all the same.

Recently, we as a community learned first-hand how quickly this virus can spread which reinforces why these precautions are so important. Continue to follow current Saskatchewan Health Orders to keep your family and our community safe.

We as council and staff are looking forward to 2021. Everyone is committed to one single cause. Everything that is done is for the benefit of the community and in order to accomplish this goal, we need the support and ideas from you, the residents. This can only be done through communication and transparency.

The following poem provides a pathway forward it is titled HOPE:

“Hope...what is hope...  
And why is it’s fiver so bold...  
How can it reach to the depths of my heart...  
Yet not in my hands may I hold...  
I once thought love was the almighty power...  
A force that made mountains fall...  
But alas it is hope and hope alone...  
That stands by my side through it all.”

Merry Christmas and Best Wishes to all.
